

“DON'T GIVE UP DESPITE THE CHALLENGES YOU FACE BECAUSE IT WILL MAKE YOU A BETTER PERSON.”

A role model to his peers, Muhammad Naufal commands respect both in class and on the football field. As an active player of the Football team, he is often seen encouraging his teammates to stay focused and not give up during the game.

‘Being in the Football team has kept me motivated and made me realise that we need teamwork in order to succeed,’ said Naufal.

Apart from improving his football skills, Naufal was also determined to do well in his studies. He made sure he paid attention in class and revised what the teachers had taught at home as well, especially since he had more time at home due to the pandemic.

"STAY FOCUSED AND BELIEVE IN YOURSELF"

Judging from his jovial self and wide smiles, it is hard to imagine that Teo Zhi Xiang faced many challenges in lower secondary to stay focused and do well in school.

But with strong support from his family and teachers, Zhi Xiang decided to work hard towards his goals. He also made use of every opportunity given to him to build his confidence and improve his communication skills.

'I knew that time was not on my side so I studied very hard on my own at the library in Tampines in Sec 4, as I want to become a successful person who can change the world for the better,' said Zhi Xiang.

N LEVEL 2022

"BE HAPPY AND APPRECIATE THE PEOPLE AND THINGS AROUND US."

Andrew See found a source of motivation after joining the Tinkers' Club in Sec 1. He soon became known as an active and disciplined member, taking training seriously and making use of all the opportunities to take part in workshops and competitions such as the Singapore Amazing Flying Machine Competition.

He also made sure that he stayed positive by seeking help and support from his family, teachers and classmates. Andrew said, "I think it's important to stay happy and appreciate the people and things we have been blessed with."

"TIME FLIES SO TREASURE EVERY MOMENT WITH YOUR TEACHERS AND FRIENDS"

Despite not doing well for the prelim exams, Theresa Lin continued to work hard and stayed focused on her goals.

She also found it challenging to balance CCA, coursework and studies but being in band helped her to de-stress after a long day in school.

"I had a lot of fun bonding with my CCA friends and I will always cherish the friends that I've made in secondary school. Don't forget to also thank your parents and teachers," said Theresa.
